Do you still love reading? Is checking out only for you which have responsibility? Never! We right here provide you a new publication entitled Bonhoeffer Student Edition: Pastor, Martyr, Prophet, Spy By Eric Metaxas to read.

From School Library Journal

Gr 7 Up—Dietrich Bonhoeffer was a devout follower and teacher of Christianity, and it was his strong faith and belief in God that led him to plot and plan the assassination of one of the world's most feared tyrants and dictators, Adolf Hitler. Metaxas, however, doesn't just focus on the religious influences on Bonhoeffer but embraces all of the historical events that helped shape his life. Bonhoeffer, a twin, witnessed his older brothers proudly going off to war and then dying as a result of their allegiance to their country, Germany, so Bonhoeffer was well aware of the political changes in the air as Hitler took over the government. Even though Bonhoeffer studied abroad and worked for a time in Rome, and the United States, he was always cognizant of the struggles that Germans, especially those of Jewish descent, were enduring under Hitler's regime. Chapters in the audiobook are matched with the years chronicled in Bonhoeffer's journals, and writings, so listeners can easily follow the time line of events and correlate them to the events in Germany under Hitler's regime. VERDICT This is a unique, informative biographical story of one of the lesser known individuals of the Resistance movement, but one who is unmistakably important.—Sheila Acosta, San Antonio, TX

About the Author

Eric Metaxas is the author of the New York Times bestseller *Amazing Grace, Everything You Always Wanted to Know About God (But Were Afraid to Ask)*, *Everything Else You Always Wanted to Know About God*, and thirty children's books. BONHOEFFER STUDENT EDITION: PASTOR, MARTYR, PROPHET, SPY BY ERIC METAXAS PDF

What would you do if your faith could cost you your life?

The fascinating story of one of Christianity's most courageous heroes, Dietrich Bonhoeffer, is now abridged and adapted for students. This compelling account of Bonhoeffer's remarkable testimony—combined with historical, theological, and political elements and enhanced with photos—brings the story to life. How did Bonhoeffer become someone who would defend God's truth, even when it was a matter of life and death? How did he endure the hardships that came with his faithfulness? How might we respond similarly to injustices today?

New York Times bestselling author Eric Metaxas vividly portrays the struggles and faith of Bonhoeffer, a man who had the courage to follow his convictions into Nazi Germany and stand up for the truth of God.

Excellent condensed version of Metaxas's main book that captures the key concepts and adds additional teen-friendly content

By Steve

I was a little skeptical when I saw that a student edition of the book was coming out--it's not uncommon for book publishers to take a successful book and churn out special edition after special edition to squeeze as much profit as they can out of it. But when I saw that Metaxas himself had written it, I had to take a look.

As I expected, this edition is exceptional. It goes way beyond being a "Reader's Digest condensed version", it captures the most important facts and stories in Bonhoeffer's life from the main book using language and a narrative that is understandable by students without talking down to them. While the publisher isn't clear about the age range of who should be reading this, personally I'd say anywhere from grade 6 to grade 9; anything after that and they probably could be reading the regular edition.

Something else I appreciate are the call-out boxes--unlike in other books they're not just pedantic filler but really interesting definitions and facts that are relevant to the text; things like the lyrics of Luther's "A Mighty Fortress is Our God", juxtaposed with a passage describing how the faithful in Germany defiantly sang the hymn as bishop Ludwig Muller started to impose Nazi rules into the German church. Another call-out box describes grocery prices in 1923 in the USA compared to Germany after Versailles.

I also appreciate the questions at the end of each chapter. They're not just there to test reading comprehension, but to inspire thought, introspection, and ultimately life application on what was just read. One of the questions, for example, asks students, "Niemoller said, 'No more are we ready to keep silent at man's [request] when God commands us to speak.' Have you ever kept silent about something you knew was wrong?"

While this book was designed for students, I have to admit that as a guy in my 40s I also read it cover to cover. I think this says something about Metaxas and his ability to reach any audience (speaking of which, if you're not listening to Metaxas's radio show @ www.metaxastalk.com, you're missing out!). With so many other books designed for tweens and teens speaking down to them, this one actually gives them the credit they deserve, and goes beyond a history book to one that can help them think through the life of Bonhoeffer and apply it to their daily lives. And the lessons from Bonhoeffer are timely, teaching everything from how to stand up for your faith in a world that is increasingly hostile to it; how to uphold the truth even if it's not the popular thing to do; and how to open your eyes and see the signs of the times clearly when so many around have tunnel vision or choose to stick their heads in the sand. This should be required reading by every young person.

I received this book free from the publisher through the BookLook Bloggers book review bloggers program. I was not required to write a positive review. The opinions I have expressed are my own.

"How can I be good?" and "How can I do something good"

By Kyle E. Mcdanell

[Christians] must give up . . . the very two questions that led them to deal with the ethical problem: "How can I be good?" and "How can I do something good?" Instead they must ask the wholly other, completely different question: "what is the will of God?" . . . All things appear as in a [warped] mirror if they are not seen and recognized in God. (179)

Several years ago Eric Metaxas published the bestseller *Bonhoeffer: Pastor, Martyr, Prophet, Spy*. The book was considerably large which made the success puzzlingly. Prior to its publication, most could not pronounce Bonhoeffer, let alone tell his story. The opposite can be said now.

Due to the book's success, Thomas Nelson has released a student edition of the book entitled *Bonhoeffer Student Edition: Pastor, Martyr, Prophet, Spy*. Though I am a fan of the German theologian, I must admit my hesitancy of picking it up. Like most "student edition" books, I assumed it would have been the same book just shorter. Yet it is anything but that.

When it comes to reading biographies, it has been my experience to start off with a simple book on someone who you know very little about before digging into the more detailed accounts. Though I was familiar with Bonhoeffer's story, I had not invested in a full biography of the man. Thus when I read Metaxas's larger work, I was a bit overwhelmed.

For those new to Bonhoeffer, this is the a helpful book to invest in. It is a much simpler book to read and follow. Almost every page has side bars which guide the reader even further in the narrative. Most of the names and events are in bold which are further explored in the back. Given that most of the names are German, this is helpful to every American reader unfamiliar with the territory.

Ultimately, I would highly recommend this book to any student of history and Bonhoeffer. Metaxas has once again published a book on the man worth your investment.

I received this book free from Thomas Nelson Publishers as part of their BookSneeze.com book review bloggers program. I was not required to write a positive review. The opinions I have expressed are my own. I am disclosing this in accordance with the Federal Trade Commission's 16 CFR, Part 255 : "Guides Concerning the Use of Endorsements and Testimonials in Advertising."

Great book for students who are looking to change the world

By Kolby Milton

Bonhoeffer Student Edition: Pastor, Martyr, Prophet, Spy is a great book that would impact students and adults. I love how Eric Metaxas modified this book for students. His book, *Bonhoeffer: Pastor, Martyr, Prophet, Spy*, is a must read for pastors, and adults. I doubt that students in your youth ministry would be willing to pick up a 650 page book just because you said it was good.

This is a book that I want to introduce to my student leaders next year. It is written in an accessible way, that anyone could get an idea of who Dietrich Bonhoeffer was, and what he stood for.

The write up for *Bonhoeffer Student Edition: Pastor, Martyr, Prophet, Spy* states:

The fascinating story of one of Christianity's most courageous heroes, Dietrich Bonhoeffer, is now abridged

and adapted for students. This compelling account of Bonhoeffer's remarkable testimony—combined with historical, theological, and political elements and enhanced with photos—brings the story to life. How did Bonhoeffer become someone who would defend God's truth, even when it was a matter of life and death? How did he endure the hardships that came with his faithfulness? How might we respond similarly to injustices today?

New York Times bestselling author Eric Metaxas vividly portrays the struggles and faith of Bonhoeffer, a man who had the courage to follow his convictions into Nazi Germany and stand up for the truth of God.

Some quotes that stood out:

“Being a Christian is less about cautiously avoiding sin than about courageously and actively doing God's will.”

“...when someone asked Bonhoeffer whether he shouldn't join the German Christians in order to work against them from within, he answered that he couldn't. ‘If you board the wrong train,’ he said, ‘it is no use running along the corridor in the opposite direction.’”

“Where a people prays, there is the church; and where the church is; there is never loneliness.”

“Actions must follow what one believed, else one could not claim to believe it.”

“The good leader serves others and leads others to maturity.”

“A false faith is capable of terrible and monstrous things.”

“God does not love some ideal person, but rather human beings just as we are, not some world, but rather the real world.”

“The church is only the church when it exists for others.”

Initially, I was skeptical about a student edition of Bonhoeffer: Pastor, Martyr, Prophet, Spy. I have seen other student edition of other Christian books, and they usually do a terrible job of writing for students. The book Bonhoeffer Student Edition: Pastor, Martyr, Prophet, Spy is worth giving out. I was really surprised, and thankful that the author did a great job of modifying it for students.

This book is perfect for students in your youth ministry. It's also perfect for grads, or anyone who wants to know one of the greatest theologians in the past 100 years.
