DESTROYED (THE TRANSFORMED SERIES BOOK 7) BY STACY CLAFLIN PDF

Eylin is tired of being told what to do and where to go. She has already transformed into her full powers, embodying new gifts - and secrets - that her parents never dreamed possible. The more they shelter her, the more eager she is to get away and see the world.

A plague has broken out and is now affecting those under their rule. Out of fear, Eylin's parents hold her even tighter. Unable to take it any longer, she flees. But having no experience with the outside world, she doesn't know who is an enemy and who isn't. She stumbles upon fierce enemies of old, not recognizing them as such.

She must learn to use her powers, or have them used against her before not only her life is in danger, but the lives of everyone she loves.

Great Read!

By Amazon Customer

Even though just this Tuesday I was saying that I will not be reviewing the next books in Transformed series, because I didn't have them, here it is! I contacted the author and she agreed to give me a copy for an honest review. And hopefully next week or so I will have the 8th book read and reviewed too. But I already have a surprise planned for you in Tuesday. You just have to wait patiently. But now let me get back to the story.

There were some things that I would have loved to read more about, but nevertheless the book is great. It is very fast paced. I can even say too fast paced. If you ask me it 's amazing but at the same time it just intrigued me so much with the whole vampire hunters and the plague. And that's what it was it just intrigued... we get to finally read the book in only Eylin's POV, and it's great. I really supported her running away to the carnival and having fun. Come on, she actually got some useful into, but then again she might have dies. Appearance of Ana as a new character is great and I really liked her, tough it's still a mystery why Eylin was Rodrick in her, but let's put this away for some time.

You can call me annoying for linking descriptions, ut I would have really enjoyed to red what Eylin looked like in a dragon form. I have a hard time imagining her as she is, and I have so little information about her in the dragon form. Another thing that shocked me was how fast Alre and Alexis and all the inner circle vampires came to terms of Eylin being a hybrid, and even with her liking a dragon. Too fast! I would have thought that at least Alre would have thrown a fit. But it's going relativey smoothly.

Another thing was with Blake, his whole like in this book was too undeveloped. It was like getting rid of him, so nothing stands in between of Eylin and Darius. Call me a sucker for details, but I love when everything is explained or at least hinted. However, you can't say I didn't enjoy this book. I mean I finished it in 2 and half-hours. And I didn't want it to finish, especially with the new dangers lurking nearby; the next books are going to be fantastic. And I really want some action between Eylin and Darius. Their wedding is going to be epic.

I hope you'll grab your copy soon and will enjoy it as much as I did. Don't forget to share your thoughts below!

The Superb Seventh Book in the Transformed Series

By Amber S.

I will admit that I have become addicted to this series. I love that this series has shifted not only time but also main characters. This series is continuing to be better and better. I can't wait for the next one!

Oh Eylin! What have you gotten yourself into now?

By Amazon Customer

Eylin has her powers, and her rather cushy life, only she has had it. She is fed up with her role as a Royal Fyrsturea. She is feeling the urge to "stretch her wings" so to speak. There is a problem with that. A major, major plague is happening. It is able to kill Vampires, and other older races. It is not a game, it is life and death and what is Eylin doing? Well she is out and about getting an idea of the great wide world. That would be great, if there weren't a plague, if there weren't dangers she can't yet fathom, if massive forces were not about to see if they can bring their plans to bear. What shall we ever do about Eylin's love life complications. Oh, there is SO much I could tell you, but you just have to read this one for yourself! This series gets more and more interesting!
