You can find this [Dover Beach And Other Poems \(Dover Thrift Editions\) By Matthew Arnold](#) inn this website by attaching to the internet.

DOVER BEACH AND OTHER POEMS (DOVER THRIFT EDITIONS) BY MATTHEW ARNOLD PDF

This superb selection of the poetry of Matthew Arnold (1822–1888) offers rich evidence of the poetic gifts that made him famous in his day, and that continue to rank him among the most loved and admired of Victorian poets. In addition to the title poem, it includes such masterpieces as "The Scholar Gipsy," "Thyrsis," "The Forsaken Merman," "Memorial Verses," and "Rugby Chapel."

Although as a literary critic, Arnold championed the serene poise and impersonal grandeur of the classics, his own poems were often more romantic than classical in nature — intimate, personal, sentimental, even nostalgic. Yet it is these engaging qualities, together with his poems' lyrical inspiration and lofty meditative character, that continue to endear Matthew Arnold to lovers of poetry.

A few lines are enough

By Shalom Freedman

A poet may live for us through a single poem, or even a few lines. For me the poet Arnold is 'Dover Beach'. " Ah Love, let us be true to one another, for the world which seems to lie before us, like a land of dreams, hath really neither joy nor light nor love nor certitude, nor peace nor help from pain, and we are here , as on a darkling plain, swept with confused alarms, of struggle and flight, where Ignorant armies clash by night."

This great poem written at the threshold between an Age Dying and another yet to be born is Arnold's signature piece. I also however recommend, and have some knowledge of his long poem 'Sohrab and Rustum'.

Arnold is a poet whose music sometimes fades, but whose quest for moral meaning is regularly present.

He is one of those rare human beings who has written a single poem, a few lines which should be remembered for as long as poetry is read and enjoyed.

A book you'll keep forever!

By Don Burger

DOVER BEACH & OTHER POEMS is an excellent collection of the poetry that was written over a period of Arnold's life that began with the optimism of his youth, and an abiding faith in his religious thoughts. Then, in the poems that he wrote as he grew older, we find a mellowed, and more mature concept of living, brought about by the strain, the stress, and the disillusionments that he encountered as he grew older. Arnold began to question (but not reject) many of the philosophical and spiritual values he had been taught by his father. Arnold's father was a Headmaster at Rugby, whom Matthew loved and idealized.

This is a book of poetry of an higher order that you will read once, put it back on your shelf, and then, pick it up later and read it again. With subsequent readings, you will probably enjoy the mature thought and outlook upon life that this man, Matthew Arnold, developed as he grew older. Yes, I enjoy reading this book of poetry, more and more as time goes on, particularly, "Dover Beach" and "The Scholar Gypsy". I believe you will too.

Interesting poems

By Amazon Customer

I like poetry an this is interesting as well as reflecting on the times that the poems were written in around the mid 1800's.
