Great little study guide!

By MCMJr

This study guide goes with the PREVIOUS edition of the current edition of my Econ text book. Thank goodness my teacher wasn't too picky about which edition us students could use. They're basically the same text, except the current edition and the accompanying study guide have included the most recent information. 95% of the problems are exactly the same.

I was lucky to have found this on Amazon - and at such a great price! I couldn't find it ANYWHERE here in my town!

Glad I purchased it.
