Gwendolyn had last her religion after her life change and been intimate with men. She meets James's brother Calum before the wedding he wants a pure bride. Calum is told the truth by her of her how she dealt with her problems will they part because of this?The novella also has a kidnapping besides the romance. I thought it could be a 3.5 but not a book that I would read again or keep in my collection. I have other books by author that I liked.but something was missing for me in this one.

Wonderful book and so much packed into a short story. A way to take yourself away for the afternoon. This is a story of Love at first sight, and the troubles with it might bring if you are set in your ways.

The story line was well done, the plot was good and it is deff a part the Highland Chief series. A couple side character get their own story. Worth every bit of reading. If this book does not get you wanting to read the Chief series I don't know what will.
