Affirmation cards encourage more love to come into your life

By creativedawn

Charming 2-sided affirmation cards with colorful illustrations are very upbeat. Initially I thought these cards were created for single people to help bring them true love however these cards are more about love in general. The cards remind you to show love to your family & friends as well as your significant other.

Some of my favorite affirmations:

"From time to time, I ask those I love, "How can I love you more?"

"Life is very simple. What I give out comes back to me. Today I choose to give love."

"I am in a joyous, intimate relationship with a person who truly loves me."

"Love happens! I release the desperate need for love and instead allow it to find me in the perfect time-space sequence."

These romance affirmation cards are really pretty & very uplifting. Enjoy!

These cards are a good starting place for creating affirmations. Sometimes I use exactly what is on the card and sometimes I change it to suit myself.
