Probably not for the beginner, but a great collection nonetheless!

By Spring

I've been trying to make myself get back on the clarinet bandwagon after a nearly 20-year hiatus, and I thought buying music from my favorite musical might help spur me on a bit. This collection offers a great variety of music from Les Miserables, but as someone who is just getting back into the swing of things, it's a little above my abilities at this point. However, I distantly remember being relatively good on the clarinet decades ago and at that time in my life, this would have been a piece of cake to play. So hopefully someday, if I can keep myself motivated, that will be true for me again. Overall, a great investment for someone who is a Les Mis fan and who likes to make music of their own.

Best book ever!

By Jackie Borgen

Les Miserables is the best movie I have ever seen and when I saw that there was a clarinet book for it, I had to buy it. I was not sad when I got it. I got home and started playing the songs in it! This book has made me very happy and everyone should buy it if they love the movie and play the clarinet.

Fun to play, easy pieces

By Shabai L

I have been playing the clarinet for about 5 years, so I am fairly proficient. The pieces in this book are not

very hard, but they are not simple enough that they sound childish. All of the songs are the full duration. It is fun to play while someone else is doing the vocals.
