## **Review**

"Buy this book for yourself. Each page is filled with joy and cheer. What I like best is that Swami Rama's message does not require us to transform ourselves, it teaches that we are already perfect." -- Judith Benn Hurley, author of *The Good Herb*, *Savoring the Day*, and *Healing Secrets of the Seasons*

"One of the great spiritual classics of all time. An insider's view of hidden adepts who live outside time and space as we know it, yogis and yoginis who can't possibly exist- but do!" -- Linda Johnsen, author of *The Living Goddess: Reclaiming the Tradition of the Mother of the Universe*

## **About the Author**

Swami Rama founded branches of the Himalayan Institute in the U.S. and abroad, as well as a modern hospital in an impoverished region of India. He is the author of 30 books.

Swami Rama's early years

By gofigure

Swami Rama is one of the overlooked great figures of our time. For twenty years I had the privilege of being one of his students. His in-depth understanding of the human condition, his selfless service and his profound attainment of states higher consciousness was a wonder to behold. In this autobiography he relates in a humble way his encounters with his early teachers. Since he was raised in a cave monastery from the age of four his life was very different from our modern way of developing as a person. While some of the stories stretch our credibility they all actually happened. I realize that many people have difficulty accepting other people's experience, especially if it is outside the range of their own limited life experience and challenge our

own fixed ideas. Swami Rama definitely challenges us about how the world is, in a very real way, but I find that challenge refreshing and inspiring. His core experience, that the goal of human life is spiritual attainment and Self realization pulls us out of our small limited view of the world. It is one of the great spiritual classics. If I was stranded on a desert island with only three books this would be one of them.

An All Time Spiritual Classic

By Linda Johnsen

This is a timeless classic by one of the most influential yoga masters of the 20th century. It transports you into the caves of the Himalayas and introduces you to the great adepts who live there. This is the real thing from a man whose whole life was an extraordinary spiritual adventure. One of the best books on spirituality ever!

31 of 33 people found the following review helpful.

A superb book on the Himalayan yogis.....

By Siva Balan

Firstly, I wish to state that this book deserves a 5-star rating for the contents in it. However, the quality of the paperback edition leaves much to be desired. As I was reading this book, the pages got torn easily. I would strongly advise the would be buyer to purchase the hardcover edition of this wonderful book.

Anyway, Swami Rama's memoir on the Himalayan sages might prove to be hard to believe but the description on the miracles of these masters are quite "common" among yogis and saints of the past and the present. In another book, the "Autobiography of a Yogi" by Paramahansa Yogananda (which I strongly recommend) the descriptions of the miracles performed by saints is similar to those mentioned in this book. A timeless classic!
