Unbelievable!

By V. Bharadwaj

Undoubtedly the childhood of an enlightened avatar. It amazes me that all enlightened folks have such signature childhood! I was taken by surprise that such coincidences can occur in one's life.

It also demystified some of the unnecessary voodoo things that surround an avatar's life. I especially liked the lucid explanation of the possibility of energy healing and teleportation.

A must read to understand that such avatars are still happening on the planet..
