Combined with the Script, the pen is much, much mightier than the sword.

By Rohlon

Let me just start with this. If the idea of holding in your own hands, you own personal book of destiny, with the power to alter not only your own life, but the lives of those you interact with, at the stroke of a pen, does not interest you then perhaps this book is not for you.

If however, that idea got you thinking about the "might have been's", or the "what if" that surrounds you ever day, then it might be for you.

If that idea made you realize that such a book would put the world, and all those in it, in the palm of your hand, then this book is definitely for you.

Also you know, hot sex scenes, funny ways to die, less funny ways to die, secret puzzles and more.

0 of 0 people found the following review helpful.

Too repetitive

By Someone you don't know

Individual takes on the story are short and very repetitive. Liriel is a great writer, but this fell flat

0 of 0 people found the following review helpful.

I like the CYOA but this one just didn't deliver

By Ortez ortega

Wasn't that into the story. I like the CYOA but this one just didn't deliver
