Larger book than expected!
By David W. Lutz
I wasn't paying attention to the number of pages or stories in this volume of Halloween stories. I just bought a single story of Scary Godmother and it was 40 pgs long. Very fun read.

When I ordered this book, I noticed the price was $8 used. I assumed it was a little rarer, but was stunned when I found out it's a collection of stories, over 300 pages! I love the cartoons that were made based on Jill Thompson's lovely stories. She's a good author and illustrator. The stories make me think of books I read as a kid.

For anyone who's young at heart, or has children who love imaginative fun stories, I HIGHLY recommend the Scary Godmother series! You will not be disappointed. The characters are cute and humorous. If you're into violence (I am also), then you might find these disappointing, but they are designed for children under 10 years old. I find the stories and artwork whimsical and the characters fun and memorable. It's a great addition to anything Halloween.

SPOOKTACULAR!
By Lizzie Bennet
I started loving Scary Godmother when I was twelve and have watched the movies every year since then. Only now did I have the funds to purchase the books. I got both this comic collection and the hardcover picture-book collection which contains the two well known stories. If you're looking for the main story and

"The Revenge Of Jimmy" this IS NOT the book that has them! HOWEVER, I do suggest buying this as long as you know THIS IS A GRAPHIC NOVEL and CONTAINS SOME CONTENT THAT YOU MAY NOT FIND APPROPRIATE FOR YOUNGER PEOPLE. Being 18 and an avid graphic novel collector it was only natural that I buy this. But it does have partial nudity (Scary and Ruby in their under-clothes), references to drinking/being drunk, child slavery, death, and if I'm not mistaken censored cussing (as in: @!^$). I urge that you are aware of this if you are thinking of buying it for a child or tween.

Now the content that is slightly more mature does not in any way, shape, or form take away from how fun this was and has been to read. I urge that you buy this because it contains many fun adventures with Scary, Hannah and Orson. You get tons more little activities for yourself or your kids (or children you may know) including healthy snacks, sandwiches, puzzles, arts and crafts, and coloring pages. You also get to explore more of The FrightSide, meet more of the monsters that live there, and even what everyone does during other holidays. And as a huge bonus you get to find out how Scary became a scary godmother (or should I say THE Scary Godmother). I found this such a joy to read and hardly wanted to put it down.

I've seen comics and other books get very negative and angry reviews on here because some people didn't read descriptions properly or thoroughly . So just to state /again/ THIS IS A GREAT COMIC BUT MAY NOT BE FOUND SUITABLE FOR CHILDREN.

Love it!
By suzyq85
I just got this as a birthday gift,and,I love it! It is in black,and,white,except the cute little activities in the end,however,if you're as much a Scary Godmother fan as me,you won't mind it being in black,and,white. Be wary,though,that some people can't read black,and,white comics for a long time. Its over 200 pages overall,and,the stories aren't short reads,really,so,it lasts. Overall,it's a great buy,I love it!
