Jan 2017: Just started using this. The information is straight to the point but there are grammatical errors, run-on sentences, typos, and the same exact sentences repeated more than 1 time. All of which makes me a little nervous. There is only 1 set of practice questions (100 questions) for 110 pages worth of reading. I would have hoped more considering there are no free practices tests for SHRM exams since it is relatively new. Verdict still out on the material and if it helps prepare you for the exam. Will update this once I sit for the exam.
