If you are a fan of forbidden love, brother's best friend books and/or office romances

By Christy Baldwin BBU

K.I. Lynn is one of my favorites so I'm not sure how I missed this novella of hers! Either way, as soon as I saw it I put my arcs on hold and jumped in! If you are a fan of forbidden love, brother's best friend books and/or office romances, this is the novella for you! ?

Dean is a 33 year old man going through a divorce. His co-worker is also his best friend, Cooper. Cooper has a 19 year old little sister named Alyssa. He needs a favor from Dean. Alyssa needs an internship for college and can't do it with a family member, so of course Dean says okay.

Dean and Alyssa have crazy hot chemistry. He tries to deny the intense pull he has to her... she's too young, he doesn't want to risk his friendship etc- but when that chemistry turns to real feelings, sometimes it's worth the risk.

I enjoyed reading this novella lots. KI Lynn is a talented author- I love knowing no matter what she puts out it will be well written. Tempt is a great steamy, forbidden novella! I only wish it was longer

Short

By Reese

I like the short story. I liked that the time wasn't drawn out and doing the wish washy thing. I'm glad Dean stepped up and made sure to say he was loving her. What I didn't like was the lack of details? We saw parts of the ex wife but now how Megan got the details. The details are very important and I would like to find out how the brothers got together and so forth.

Tempt

By history repeats

Having just finished "Six" by K.I. Lynn, I was looking to sample something else by this new-to-me author. This novelette was Kindle Unlimited, so free and short was great. I had a very "meh" reaction. Trope was typical, sex was spicy, but the emotion and attraction left a lot to be desired. I've read better stories where there is a significant age gap between the couple, even in short form. FYI she is 19 (office intern and best friend's little sister), and he is 33. 2.5 rounded to 3 stars.
