## THE EIGHTH DAY BY JOHN CASE PDF

But, just what's your issue not as well loved reading *The Eighth Day By John Case* It is an excellent activity that will always give great benefits. Why you end up being so strange of it? Lots of things can be practical why people don't prefer to check out *The Eighth Day By John Case* It can be the uninteresting activities, the book *The Eighth Day By John Case* compilations to read, also careless to bring nooks everywhere. But now, for this *The Eighth Day By John Case*, you will certainly start to like reading. Why? Do you understand why? Read this web page by completed.

### Amazon.com Review

When part-time legal investigator and full-time artist Danny Cray gets a chance to pick up some extra cash trying to trace the source of a smear campaign against a mysterious European tycoon, he jumps at it eagerly. But all is not as it seems in this taut, intricately plotted thriller--except Danny, of course, who turns out to possess unexpected resources of grit and brains. The action moves from Washington to Geneva to that volatile area of Turkey where tribal politics, religion, and corruption collide with explosive results. John Case mixes strong descriptive prose, interesting characters, a powerful narrative, and a dramatic denouement to come up with a sure winner in his fourth novel, one fans of *Ludlum* and *le Carré* are sure to enjoy. --Jane Adams

### From Publishers Weekly

When starving but hopeful 26-year-old artist Danny Cray upgrades his part-time work as a private investigator to full-time, his blind acceptance of misinformation coupled with a readiness to plunge headfirst into situations unknown transform a charming naïveté, and spirit of spontaneity into fatal shortcomings that threaten to curtail a burgeoning career and endanger his life. In Case's new thriller (after *The Syndrome*), Cray embarks on escapades that are zesty and riveting, moving from the streets of Washington, D.C., to the Vatican Library to an entire city buried deep under eastern Turkey where a treasured religious object lies hidden. Ostensibly hired to protect the image of a famous businessman by discovering who is behind the smear campaign targeting his client, Cray quickly discovers that he has become involved in an imbroglio far more sinister than anything he expected; instead of the quick and simple high-profit, low-risk deal he envisioned, Danny is confronted with suspicious and terrifying deaths, dangerous technology and evil incarnate. Fast-paced and crammed with descriptions of experimental devices and potentially devastating scientific advances, the novel is unfortunately also saddled with repetitive language, some unrealistic stretches and improbable responses upon which the story line depends for further action. Still, the pieces fit nicely together and Case's fourth thriller is a satisfying and gripping read.

## THE EIGHTH DAY BY JOHN CASE PDF

For Danny Cray, a struggling artist and part-time private investigator, the offer is too good to be true. A wealthy, enigmatic lawyer, Jude Belzer, would like to retain Danny for a little damage control. His client, an elusive billionaire, is the target of a vicious campaign by the Italian press that threatens to destroy his reputation. Belzer wants Danny to find out who is responsible?and he will pay handsomely.

Danny's only lead is the meager estate of a recently deceased professor of religious studies, a man so deeply terrified that he buried himself alive in the basement of an isolated farmhouse. Belzer swears that if Danny can get the late professor's files, the conspiracy against his own reclusive client will unravel. It's the perfect assignment, in a way, and Danny can sure use the money. But the more he probes, the more apparent it becomes that nothing is what it seems. There is something he isn't being told. Something that's not quite right. Something dark, fast, and sinister that's coming at him from behind.

From the powerful world of Washington, D.C., to the ancient grandeur of Rome, from the mysteries of Istanbul to the high-stakes drama of Silicon Valley, *The Eighth Day* is a briskly paced, globe-trotting thriller of electrifying suspense. Packed with unexpected reversals and astonishing twists of plot, this is John Case's most gripping novel to date.

story line always goes at hyperspeed

By A Customer

In his mid twenties, Danny Cray cringes at the image of the starving artist as he has chosen to supplement his meager earnings as a sculptor with sleuthing. His latest customer, charismatic and wealthy attorney Jude Belzer hires Danny to do some research into whom and why someone has been attacking the reputation of a client. Danny easily succeeds and in return receives a nice fee.

Jude asks Danny to dig deeper so the part time detective flies to the Vatican to conduct more research as lure of the first class accommodations are too impossible to resist. However, Danny uncovers a lot more than he was supposed to and he now knows the deadly game his benefactor plays. His discovery leads to Belzer sending his thugs to dispose of Danny, who now flees for his life.

When it comes to an action-packed thriller, the writing team of John Case is as sure a bet as fans will find out. The latest tale, *THE EIGHTH DAY*, never eases off the throttle as readers follow Danny walk deeper into trouble one step at a time. Though this theme of relative innocence deluded by glamour into a deadly scenario is as old as the bible, readers will root for Danny to defeat his much more powerful foe even if it takes unrealistic spins for him to have a slim chance. The case on this book and previous novels by this writing duo (see *THE SYNDROME* and *THE GENESIS CODE*) is that the story line always goes at hyperspeed driven by a likable hero in over their head against a clever villain.

this is in my opinion Cases' best effort

By clifford

Four stars might be a little much. But, I really like Cases' style. He has written a handfull of books that all have a strain of very nicely pieced together passages. Only in previous books that I have read by Case, the passages don't hold up as a whole.

Here in the *Eighth Day* the book has huge swaths of very readable and enjoyable aspects that do manage to grab your lapels and reel you along for a nice ride. I personally can't wait for Case's future novels and hope

that he continues to mature along the arc that is very noticable from one book to the next. The 'Eighth Day' is not close to being a great book. It is corney and the ending is what you would expect from any mainstream writer or hollywood film. I mean, come on... get a little original here and take a couple of chances.

A lot of authors have had novels that revolve around the protagonist being hunted down. Grisham, Ludlum, Coben... on and on. Other than the Bourne Supremecy by Ludlum, it's difficult to think of one that just doesn't go way over the top, where the world isn't hanging in the balance, or the protagonist is a fish out of water and fighting against impossible odds. The 'Eighth Day' straddles this implausible strain that runs through the 'chase' genre. The best components of the novel are where the protagonist is confronting small problems that an ordinary person might concievably confront.

If you get this book, I don't think that you will despise your decision. Just keep in mind that it is not yet up to Case's potential.

You might try Harlan Coban's books that don't have the character Myron Bolitar in them. They are very good thrill rides.

A disappointment

By Elizabeth Schweitzer

I'm a John Case fan and this one was a real disappointment. I liked the Genesis Code so much I read it twice, and the others were very readable too, but this one just became way too unbelievable to be enjoyed. The story was contrived and the main character a little too stupid. Sorry - this one made me think twice about running out to get the next one.
