Beautifully Written!

Wonderful book! I finished it within 3 hours and I do not remember the last time I finished a book so fast. As a medical student, I really did appreciate the amazing insight this book had on the trials & tribulations that parents of children with chronic diseases go through. I thought it was fantastic that scientific research was incorporated into the book in order to educate others on the mechanisms and dietary modifications one can

take in order to combat such illnesses. Beautifully written, made me tear up and May the Lord grant Superhero Ayaan a long & healthy life, and may he continue to inspire others. :)
