Riveting

By J. McFarland

This book should be required reading of all high school students in the U.S. and other English-speaking countries. Its narrative format reads like a novel, but is even more compelling because it is a true story. This is easily the best-written narrative of the era I've read, and I stayed up until after midnight each night because I could not put it down despite being exhausted from weeks-long military exercises I was conducting while reading it. I had a hard time complaining about my living conditions and sparse food in comparison, to say the least.

In summary, this book gives the reader a personal view of what the holocaust was actually like, and how it impacted individuals and families. Simply riveting.

Until We Meet Again

By Susan

"Until We Meet Again" is written like a novel and as I read it, it was as if I was right there with them. My heart rate would increase and I would have to have a Kleenex near-by. Awesome book! WE CAN NEVER FORGET this HORRIBLE chapter in human history!! I think all high school students should read it! I wish their son would follow up this book with a story of coming to the US and their life here as Americans. An AWESOME story that everyone should read!!!

Never to be forgotten

By Carol G

This is probably the best books I have read . I felt like I was right there as part of the events as I was reading.

It is the story of love, hope, faith, and courage of a family and some true friends who put themselves in harmes way to do what they knew was right. The Halocaust should always be remembered. It is one example of bullying at it's worst. I am blessed to have met the man who wrote the story of his family's survival. His lovely wife was very supportive and helpful in researching the history.
