Like a Lost Friend

By Bruce Kendall

I really identified with Cookie Mueller, the author of "Walking Through Clear Water." We were born a few months apart, lived our lives travelling back and forth between coasts, probably attended events together in 60s era San Francisco, East Village, NY, etc. One thing for sure, after reading this book, I wish I had known her and feel like I did. She comes across as so alive and vibrant on the printed page, that when I learned in the "about the author" page at the end of the book that she had died of AIDS in 1989, I felt as though I had personally lost a friend.

Do not let that depressing bit of information in any way dissuade you from reading her story, or to get the impression that this book is at all morbid or maudlin. This is one of the funniest accounts of life on the fringes of American culture I've read in many a moon. She has such an engagingly humorous conversational style, that even when she is describing truly horrifying scenes such as an attempted rape in the backwoods of Maryland, the effect owes more to Rabelais, than to Peckinpah.

Mueller reminds me a lot of a female version of Ken Kesey. Her prose moves along with the same sort of wild energy and the incidents she describes never get bogged down in needless detail. She has great writers' instincts. She sees life in the same tragi-comic vein as does Kesey, as well. Perhaps they both had run-ins with the same Cosmic Joker, at one time or other. Whatever the personal histories, they were certainly kindred souls, who had a look at the full spectrum of humanity and were able to get their impressions down on paper in thoroughly memorable ways.

This is as easy and enjoyable a read as you are likely to come across. I'm by no means a fast reader, but was able to breeze through it in just a few hours. I can unreservedly say that I couldn't put it down, and I find that rare these days. Spend a few hours with Cookie Mueller. She'll probably make friends with you, too.

BEK

Part Nin, Hunter S. Thompson, Billie Holiday, Dr. Seuss

By A Customer

Cookie Mueller was a goddess inflamed. Her stories are hysterical, beautiful, outrageous, and heartwrenching. It's true what they say above; we're lucky she took notes.

On the Road- Girlstyle!

By Glenn S. Hawley

I found out about this book & jumped at the chance to read it. Cookie tells some of her experiences being an underground Film star & Adventuress. I always loved Cookie in John Water's films, but I never got that chance to read her work, But Now I am a big Fan. She never whitewashes her experiences with Drugs, Sex, hippies, farming, whatever. I hope her other collections are reprinted and well distributed very soon. Meet back up with an old friend, you might not have really known, through this great collective memoir.
